

# More Than a Memory (Acoustic)

Lee Brice

People say she's only in my head  
I'm gonna take time but I'll forget  
Say I need to get on with my life  
What they don't realize is when You're dialing six numbers just to hang up the phone  
Drivin' across town just to see if she's home  
Wakin' a friend in the dead of the night  
Just to hear him say it'll be all right When you're finding things to do to not fall asleep  
'Cause you know she'll be there in your dreams  
That's when she's more than a memory Took a match to everything she ever wrote  
Watched every word go up in smoke  
Tore all her pictures off the wall  
That ain't helpin' me at all 'Cause when you're talkin' out loud to nothing but air  
You look like hell and you just don't care  
You're drinking more than you ever drank  
Sinking down lower than you ever sank When you find yourself fallin' on your knees  
Shakin' your fist and beggin' please  
That's when she's more than a memory  
Yeah, woho, hmm, she's more, she's more People say she's only in my head  
Going to take time but I'll forget But when she's in every minute of everyday  
Every thought I think, every breath I take  
She's everywhere and she's everything  
She's more than a memory
