

# Creature

## Penny and Sparrow

All I know is in sleep  
I can taste and feel meek  
Life alone makes me shake  
If I die before I wake  
Every drop that I bleed  
Is a gift you give me  
Let me spend my skin on you  
Kiss me, whisper, make me newI'm a creature for your love  
I'm a creature for your love  
I'm a creature for your love  
I'm a creature for your loveOn the day I come home  
I look at you and your throne  
Every joy I've seen is waste  
When I touch your gorgeous faceOoohI'm a creature for your love  
I'm a creature for your love  
I'm a creature for your love  
I'm a creature for your loveI'm a creature for your love  
I'm a creature for your love  
I'm a creature for your love  
I'm a creature for your love
