

# Cold Day In the Sun

## Foo Fighters

Took the high dive into your brain  
And you made your lonely calls  
You just might wear your welcome out  
If you dont let it goTheres nothing that you couldnt say  
'Cuz youve said it all before  
I think its time you walked this lonely road  
All on your ownAnd its your cold day in the sun  
Looks like your bleeding heart has already wonI wish I could take it away and save you from yourself  
You get so lost inside your head like no one else  
Looking for someone to blame  
Blame me all along, youll take the heat  
But you would never take the fallIts your cold day in the sun  
Looks like your bleeding heart has already wonYoure so afraid that you are the only one  
But you are the only one, you know  
But dont be afraid 'cuz youre not the only one  
Youre not the only one, I knowAnd its your cold day in the sun  
Looks like your bleeding heart has already won  
And its your cold day in the sun  
Looks like your bleeding heart has already won
