

# Buried the Sun

## Wormrot

You've sacrificed my life  
Downward spiral to the same old nothingness  
Constant grab holds with your relentless self-consumed  
You've dragged me to your fucking hell hole, buried the sun  
Numb and caged down similar spirals  
Collapsing inner selves, rupturing minds  
All hope is gone  
Non-existence pathway you brought to my life  
All hope is gone  
You've dragged me to your fucking hell hole, buried the sun  
(x4)
