Coming Up

Majorleap

Coming UpThis is what I get of this lonely road
This is what I see when the dark is on
This is what I feel when my heart is blown
I sense that a part of me is eaten and thrownComing up... coming up... coming up... aaaah....
Coming up... coming up... coming up...This is the street I know and I'm coming up and I failed to stay
This is the part I know and I'm coming up and you walked awayTo the bottom of this lonely road
That's when I can really taste the left and gone
That is how I feel holding my wish bone
I can sense that I'm sliding on my stepping stoneComing up... coming up... coming up... aaaah....
Coming up... coming up... coming up...This is the street I know and I'm coming up and I failed to stay
This is the part I know and I'm coming up and you walked awayThis is my street you'll see... I'm holding on to what I used to be...
This is my place you'll see... I'm holding on... I'm holding on...This is the street I know and I'm coming up and I failed to stay
This is the part I know and I'm coming up and you walked away
