Inside Out

Yellowcard

Here, a little sympathy, for you to waste on me I know you're faking it, but that's OK
And I
Don't want to drag it out
Don't want to bring you down
I never wanted it to end this wayEven if I wanted to
I don't think that I did to you
There's nothing I can say or do to make you feel alive againHere, a little jealousy, I hope you think of me
Hope you wonder where I sleep at night
Cause I feel like I'm inside out
You got me upside down
Maybe I was holding on too tightEven if I wanted to
I don't think that I did to you
There's nothing I can say or do to make you feel alive againSo don't you say goodbye to me
Just turn your back away and leave
And if you're lucky I will be your last regret your only friendThe two of us we dream like one
The two of us
The two of usThe two of us take breath like one
The two of us
The two of usThe two of us we dream like one
The two of us
The two of usThe two of us take breath like one
The two of us
The two of usI guess that this is over now
I guess it's called a falling out
But every day I'm learning how to make it though this life I'm inEven if I wanted to
I don't think that I did to you
There's nothing I can say or do to make you feel alive againSo don't you say goodbye to me
Just turn your back away and leave
And if you're lucky I will be your last regret your only friend
