Last Flight Out (LP Version)

Plus One

I'm so scared that you will see
All the weakness inside of me
I'm so scared of letting go
That the pain I feel will show
Oh
I know you want to hear me speak
But I'm afraid that if I start to
That I'll never stopI want to you know
You belong in my life
I love the hope
I see in your eyes
For you I would fly
At least I would try
For you I'll take
The last flight outI'm afraid that you will leave
As my secrets have been revealed
Oh
In my dreams you'll always stay
(you'll always stay)
Every breathing moment from now
I know you want to hear me speak
But I'm afraid that if I start to
That I'll never stopI want you to know
You belong in my life
I love the hope
I see in your eyes
For you I would fly
At least I would try
For you I'll take
The last flight outI cannot hold back the truth no more
I let you wait too long(wait to long)
Although it's hard
It scares me so
A life without you scares me more
(scares me more)For you I would fly
At least I would try
For you I'll take
The last flight outI want you to know
You belong in my life

I love the hope
I see in your eyes
For you I would fly
At least I would try
For you I'll take
The last flight out
