Kick Rocks

Keke Palmer

No, no, no, no, no, no, no, no, no [x3]It seems like every other day you keep askin' me
if I wanna go out already said no, how many times
I gotta say no!
It seems the more that I say no
the more ya wanna push how many times I gotta tell you
No means no ok dude.
Oh,Why you keep
callin' sayin' how much you care for me?
Boy you don't get I'm nice but keep buggin' me
now we can't even be friends cause ya actin'
crazy!
You won't leave me alone,
I think you should go!Kick rocks if you know what's good
for you, cause I will just break your heart
you're not the one!
boy you need to kick rocks
ain't goin' out with you
cause you're all up
in my face how long will it take when will you
stop playin' yourselfYou over here sendin' me
all these text messages that I don't respond to.
I don't have to respond to you! You try to get
close to friend but you know that they're not
gonna help you, so there's really nothin' you
can do Oh,Why you keep callin' me sayin' how
much you care for me?
Boy you don't get I'm
nice but keep buggin' me now we can't even be
friends cause ya actin' crazy!
You won't leave
me alone, I think you should go!Kick rocks if you
know what's good for you, cause I will just
break your heart you're not the one!
boy you need to kick rocks ain't goin' out with you
cause you're all up in my face
how long will it take when will you stop playin' yourselfWhen you
gonna give up?
When you gonna step off?
When you

gonna realize your just waistin' your time?
Your time?
I'm sure there's someone out there
perfect for you,
but it ain't me; and it won't
be it'll never happen baby so!Kick rocks if
you know what's good for you, cause I will just
break your heart you're not the one!
boy you need to kick rocks ain't goin' out with you
cause you're all up in my face how long will it
take when will you stop playin' yourself
Kick rocks if
you know what's good for you, cause I will just
break your heart you're not the one!
boy you need to kick rocks ain't goin' out with you
cause you're all up in my face how long will it
take when will you stop playin' yourselfNo, no, no, no, no, no, no, no, no [x6]
