

Hate Me

Alex Jordan

I've got a problem
and it's all named after you (all named after you)
I tried to solve it
but I never could get through
you run around like you're some kind of king
sitting on a throne of diamonds
people kissing your ring
if you want my opinion
i think you need a shrink
there's no gain in misery I've got a problem
and it always ends the same (always ends the same)
your whining never stops
like a dog left in the rain
you talk to me like i'm some kind of joke
if insults cost money
you'd be going for broke
I've learned to tune out
all the lies that you spoke
you tied your own rope for every time you try to get away
for every time you try to run and hide
this is an answer for all of the years
I've spent living in silence If you hate me
HEY
throw up your hands
If you hate me
HEY
throw up your hands
If you hate me
HEY
throw up your hands
throw up your hands
cause I'm not changing
If you hate me
HEY
throw up your hands
If you hate me
HEY
throw up your hands
If you hate me

HEY
throw up your hands
throw up your hands
cause I'm not changing I've got an issue
with the way you seem to make (way you seem to make)
everything about yourself
like I'm an actor in your take
but now the cameras roll
and paybacks the fashion
no time for make up
lights camera action
come to find out you're the latest attraction
typecast and getting old for every time you try to get away
for every time you try to run and hide
this is an answer for all of the years
you've spent ruining people's lives If you hate me

HEY

throw up your hands
If you hate me

HEY

throw up your hands
If you hate me

HEY

throw up your hands
throw up your hands
cause I'm not changing
If you hate me

HEY

throw up your hands
If you hate me

HEY

throw up your hands
If you hate me

HEY

throw up your hands
throw up your hands
cause I'm not gonna change I won't apologize
That part of me has died
I've been doing fine

And after this I'll leave you behind

you were never right
cause I've been doing fine
without you in my life

and after this i'll leave you behind If you hate me

HEY

throw up your hands

If you hate me

HEY

throw up your hands

If you hate me

HEY

throw up your hands

throw up your hands

cause I'm not changing

If you hate me

HEY

throw up your hands

If you hate me

HEY

throw up your hands

If you hate me

HEY

throw up your hands

throw up your hands

cause I'm not changing
