

# While We Were Hunting Rabbits

Matthew Good

Buy in, it'll shut you up  
Try it, it should shut you up  
We've brought someone in to shut you up  
It's a life's work While we were hunting rabbits  
I came upon a clear  
The sky, it's stars like fortune  
Drilled me 'Til now I was a soldier  
'Til now I dealt in fear  
These years of cloak and dagger  
Have left us disappeared And I dance  
And I sing  
And I'm a monkey in a  
A long line, a long line Buy in, it'll shut you up  
Try it, it should shut you up  
They've brought someone in to shut you up  
And it's getting to be a lot of work While we were hunting rabbits  
I came upon a clear  
The sky, it's stars like fortune  
Drilled me 'Til now I was a soldier  
'Til now I dealt in fear  
These years of cloak and dagger  
Have left us disappeared And I dance  
And I sing  
And I'm a monkey in a  
A long line of kings And we dance  
And we sing  
And we're all monkeys in a  
A long line, long line I'm just a boat on the ocean  
And I'm just a ship lost at sea I'm a boat on the ocean  
And I'm just a ship lost at sea  
I'm a boat on the ocean  
And I'm just a ship lost at sea I'm just a boat on the ocean  
I'm just a ship lost at sea
