

# He Takes Care of Me

## Inspirations

Through a strange land I wondered like a poor little sheep.  
Over mountains & rivers & the valleys so deep.  
But I have a good shepherd who patiently leads.  
Where the waters are cool, itâ€™s there that he tenderly takes care of me.

Oh He takes care of me.  
Through the darkness I still can see.  
With tender hands, just like a shepherd, Heâ€™s always leading me  
Iâ€™ve never been hungry when He did not feed.  
Not one little need has He failed to meet.  
Every day & every way He takes care of me.

If He feeds the sparrow & He knows when they fall.  
& He cares for the lily & His creatures so small,  
How much more He must love me, for I am His child.  
For needs great or small, praise God,  
Heâ€™s always come through right on time.

Oh He takes care of me.  
Through the darkness I still can see.  
With tender hands, just like a shepherd, Heâ€™s always leading me  
Iâ€™ve never been hungry when He did not feed.  
Not one little need has He failed to meet.  
Every day & every way He takes care of me.
