

# Somehow

## The Vapors

I've seen it before  
I know the score

You're trying to be wild and carefree  
You really can't take it no more

I'm trying to think  
I can't think clear

Everybody's talking to me  
It's gone foggy in here

But as time goes marching home again  
It leaves me to reflect  
Or was this just a waste of time  
Or was this time well spent

And if it marches back again  
And orders me to smile  
Then will I be prepared  
Or will it take a little while

[Repeat: x4]  
Don't leave me  
Don't leave me  
Don't leave me now  
I'll make it up to you somehow

I've listened to you  
Please listen to me  
Don't tie us up completely

Just wait and see  
I'll try very hard for a second chance  
Which is it to be? One dead romance  
Or a handful of dreams? Please tell me  
It makes all the difference to me  
And I really want to know

I've done so many things I suddenly regret

If I could only compromise and you'd try to forget  
A single kiss, a lovers wish, the past dissolves in tears  
The present burns inside of me, the future disappears

[Repeat: x4]

Don't leave me  
Don't leave me  
Don't leave me now  
I'll make it up to you somehow

Oh Yes I will and I'll go  
Out of my way to make you happy  
Till the sun don't shine and sky stops turning blue  
I really want to know

Could I ever be happy  
Without somebody who really cared

Somebody like you

[Repeat: x4]

Don't leave me  
Don't leave me  
Don't leave me now  
I'll make it up to you somehow

Yes I will
