

# Love You Forever

[Ryan Huston](#)

If ever you needed to talk  
You could talk to me  
Oh, could you talk to me?  
If ever you feel like you're lost  
You can count on me  
Ill find you a way  
When the lights go out  
In the Universe  
Ill be next to you  
Ill be next to you  
And I surrender myself  
To you  
Ill love you forever  
Ill like you for always  
For always  
Together well be  
Ill love you forever  
Ill like you for always  
For always  
Together well be  
Yeah  
Together well be  
Yeah  
If ever youre too sick to walk  
Id carry you  
And take care of you  
If ever you feel scared and alone  
Id hold you  
And Id just hold you  
When the lights go out  
In the universe  
Ill be next to you  
Ill be next to you  
And I surrender myself  
To you  
Ill love you forever  
Ill like you for always  
For always  
Together well be

Ill love you forever  
Ill like you for always  
For always  
Together well be  
And when you get cold  
Just like you do  
Ill give you my coat  
Cause Im here for you  
And as we grow old  
I promise to love you with every breath  
That is true  
When the lights go out  
In the universe  
Ill be next to you  
Youll be next to me  
And I surrender myself  
And I surrender myself  
To you  
Ill love you forever  
Ill like you for always  
For always  
Together well be  
Ill love you forever  
Ill like you for always  
For always  
Together well be (echoes)
