You Can't Go Back

Hal Ketchum

Left this town with a memory and nothin to my name
But an old guitar and a melody running through my brain
People said, You crazy fool, aint never gonna get that far
Start rollin down the track, you cant go back"Kicked around some places, a man should never go
By fortune and the grace of God, I learned to just say no
I wish I had everything I spent but it dont work that way
Keep rollin down the track, you cant go backGone's gone and done is done
Lord knows I aint the only one
Stopped along the wayCant go back
Gone's gone and done is done
Lord knows I aint the only one
Stopped along the wayThankful for the places and the people I have known
Live by every tender word and every kindness shown
Hopefully Ive left a little something in return
Keep rollin down the track, you cant go back
Keep rollin down the track, you cant go backYou cant go back, shaka, laka, boom, boom
You cant go back
You cant go back, shaka, laka, boom, boom
You cant go backYou cant go back, you cant go back
You cant go back, shaka, laka, boom, boom
You cant go back
You cant go backYou cant go back
