Broken Social Scene Presents Kevin Drew

Cats and crafts, put you in a tiny box
That's filled with our victims
Who can't explain
How they love their momsAnd all the hands that retreat
They try to slip right down their pussy
But there's nothing
That you thought is wrongBut you are too beautiful to fuck
You're too beautiful
You are too beautiful to fuck
You're too beautifulSlice my eyes, took me through
Another night that goes all night through
Tries to seize
What their hearts have lostMy best friend
Took me in and laid me
Down beside my own sin
And I said, "Can you please forgive the love?"Cause you are too beautiful to fuck
You're too beautiful
You are too beautiful to fuck
You're too beautiful
