All Over the World

Jan Wayne

All over the world, all over the land
I wanna have party till the end
All over the world, all over the land(2 x)
All over the world, all over the land
I wanna have party till the end
All over the world, all over the land
I wanna have fun tonight(2 x)
All over the world, all over the land
I wanna have party till the end
All over the world, all over the land
I wanna have fun tonight(1 x)
All over the world, all over the land
I wanna have party till the end
All over the world, all over the land
I wanna have fun tonight
