

# Heavy

## Addict

Rejoice for what is coming  
Smile for we are one  
You are part of my future  
And that's as bright as they come In your company I'm quickened  
I move inwards when we speak  
We're all heavy with instruction  
We're all fragile in defeat I know the measure of a good man  
You were the first to qualify  
All that's ever had potential  
To be beautiful you and I
