

# Hell No!

[Ricki-Lee](#)

put your ear up to the speaker, let your jaw drop  
witness's power of suggestion, blow the roof off  
gods of war march into battle, make the ground shake  
crowd appears countdown has begun, drop the bomb 4, 3, 2, 1  
(hello no!) hell no! y'all we ain't gonna sit down  
(hello no!) hell no! y'all gonna shake this mother to the ground  
(hello no!) hell no! y'all we ain't gonna back down  
(hello no!) hell no! y'all gonna put you suckas in the ground  
fourth and long, casualties about in the hot sun  
final play pile up in the end zone, deed is done, damn right we've won  
(hello no!) hell no! y'all we ain't gonna sit down  
(hello no!) hell no! y'all gonna shake this mother to the ground  
(hello no!) hell no! y'all we ain't gonna back down  
  
(hello no!) hell no! y'all gonna put you suckas in the ground  
(guitar break)  
man, you will never let anyone disrespect you, hell no!  
you will keep your head held high whether you win or you lose  
because no one will come into our house and tell us what to do  
(hello no!) hell no! y'all we ain't gonna sit down  
(hello no!) hell no! y'all gonna shake this mother to the ground  
(hello no!) hell no! y'all we ain't gonna back down  
(hello no!) hell no! y'all gonna put you suckas in the ground  
(hello no!) hell no! y'all we ain't gonna sit down  
(hello no!) hell no! y'all gonna shake this mother to the ground  
(hello no!) hell no! y'all we ain't gonna back down  
(hello no!) we ain't gonna back down (hell no!)
