

Moments

De Lux

We're better at making time pass
From one to the other
There's nothing that we'll ever find hard
Until we get in each other's ways
We're better at making love when
When it's one to the other
There's nothing that we disagree on
It's just something we don't talk about
So take your things and burn our times
I don't want you to forget why
So take your pennies
Take your change
I don't want you to forget why
We're better at making time pass
From one to the other
There's nothing that we'll ever find hard
Until we get in each other's ways
I wanna say
We're doing great
But there's something wrong
Something wrong
Oh when you're in love
You better make sure
You're spending time
On making time
There's something great
In the way
You make it seem like we're doing great
We're better at making
Time
Pass
We're better at making time pass
From one to the other
There's nothing that we'll ever find hard
Until we get in each other's ways
