Cover Me

Steve Ivey

In the darkness and in the flood
You're there with me, You're there with
And in the desert and in the sun
You're holdin' me, You're holdin' me, yeah
You cover me with Your love
You cover me with, You cover me with Your love
You cover me with, You cover me with Your love
When my strength is faltering
You carry me, You carry me
When the world is damaging
You fix in me, You fix in me, yeah, hey
You cover me with Your love
You cover me with, You cover me with Your love
You cover me with, You cover me with Your love
You cover me with, You cover me with Your love

In the darkness and in the flood, You're there with me
You cover me with love, yeah
And in the desert in the sun, You're holdin' me
You cover me with love, yeah
And when my strength is faltering
You carry me
You cover me with love
You cover me with Your love
You cover me with, You cover me with Your love
You cover me with, You cover me with Your love
You cover me with, You cover me with Your love
You cover me with, You cover me with love, oh yeah
You cover me with love, Your love, oh yeah, yeah
