

San Francisco (You've Got Me)

Village People

Folsom, Folsom street on the way to Polk and Castro

You don't find them finer

Freedom, freedom is in the air, yeah

Searching for what we all treasure: pleasure

Cycles, cycles in the night shining bright

Brightly on nights tell a glory story

Leather, leather, leather, leather baby

Levi's and T's are the best now all right

Dress the way you please and put your mind at ease

It's a city known for its freedom, freedom

Cycles shining bright break the silence of the night

Inhibitions, no, you don't need them, no, no, no

San Francisco... city by the bay yeah... hey hey hey...

You've got me... ahw ahw... take me to the water...

Disco, disco party baby

Music that sets you on fire, higher

Say what's on your mind and spend a little time

Every destiny there has a meaning, meaning

Party 'till the night before the morning light

You may feel your whole body screaming, ahw ahw...

Got me, got me, got me baby aaahhh

Say you got me, love ya love you so, well

Here's what I want you to do, take me, take me

Take me baby, show me the way

Take me... down to the bay

Lead me to the water... well well it's you and me yeah

Show me the way, why don't you show me the way hey

Come on baby, let's get down, down, hmm

Ain't nobody between you and me

Baby baby feel fast free

Baby baby let's do hot night

Come on baby let's you and me swing

Love the way I please, don't put no chains on me

If you got the time, you could do it, do it

What I need is love, that's all I'm thinking of

Take me to the bay, lead me to it, now, now

San Francisco... oh I love ya yeah...
