

Should I Forgive You

Miss Lady Pinks

Now Tell Me What You Want To Do About Me & You .
After All The Things That We Been Through In A Relationship Putting Me Through Regrets Telling Me That
You Love Me But Your Letting Me Slip, It Hurts So Bad,
It Makes Me Mad,

How Can you Expect Me To Take You Back.
Once A Cheater Always A Cheater, You Got A Good Girl How Can You Deceive her .
I'm Out To The Point Is It Even Worth Trying .
I'm Really Annoyed When Your Lagging & Hiding .
Baby Just Stop Your Denying .& Find Out I Can No Longer Take It I'm Really Not Buying.
I Saw Your Pics On Her Instagram.
Momma Always Told Me Not To Trust No Man .
I Hate You & Love You & People Confuse .
I Give You My Heart You Broke It & Bruised It .
give me a reason why I should forgive you after all I gave you all my love that was so true.
you did what you did I know what I know.
you had a good thing believe me to go.
give me a reason why I should forgive you.(give me a reason why I should forgive you.
2x).

I caught you red-handed why should I forgive you answer the questions before I delete you never been honest
that's really beneath you it would be stupid to even believe you can't shake it or fake it or Make It or Break It
the way that I'm feeling I don't want to take it you took me for granted you've done it you planned it I passed
you my heart you troublely slammed it.

I don't understand it why I'm still here asking these questions when it's so clear not waisting no tears.
not waisting no time I made up my mind I don't want your lies I hope that you die I'm not gonna cry with all
that youve done why even try .

you broke it I fix it your love I will miss it you had a good thing you just straight up dissed it .
give me a reason why I should forgive you .

after I gave you all my love that was so true you did what you did I know what I know .

you had a good thing believe me to go .
give me a reason why I should forgive you.
give me a reason why I should forgive you .
after I gave you all my love that was so true.
you did what you did I know what I know .
you had a good thing believe me to go .
give me a reason why I should forgive you.
give me a reason why I should forgive you .

after I gave you all my love that was so true you did what you did I know what I know .

you had a good thing believe me to go .
give me a reason why I should forgive you.(give me a reason why I should forgive you .
Murder Shutter.
