X

Jay Bliss

C'mon, let's get popped in love
I know you popular, admitted your club
But I just wanna toss you up
Before I swallow you whole I need to wash it down
Tell your girls Avion, indulge you to hang out
Intoxicate me, free your mind, free my mind, freak all night
It's evident, when two worlds collide, you're twice as hot
Wet through the new extras, get you by in life, high on life
I wonder what life would be like if no more women were dykes
And trick hard at low prices, it's a cold cold world, yeah
How do we relieve that stress X
You know, pop them thangs to get extra horny baby girl
You on one, you can't ignore me, Rule and Missy E
How you love that? With IG, it's Murda INC, nigga
Hey, get me high tonight
Take me away
Come inside my world
Come ecstasy
Let me show you love
Between you and me
Let me love you boy
You want freak, I love a lot of excitement
I excite men, I make 'em dirty and trifling
I been known to leave 'em frightening
Stifling all in love by the end of the night
And I, I want a big "Don John"
To pop a few of these and make the John last long
X, now you can serve that, 'cuz no doubt it's Murda
Ya heard that?
Hey, get me high tonight
Take me away
Come inside my world
Come ecstasy
Let me show you love
Between you and me
Let me love you boy
Yeah, now that you got me feeling, high to Heaven, knows
Tight as the pussy holes, so, Lord knows
It stick to your X-O, them hoes to freak shows

You know how it goes, comin' out of my clothes
I'm coming outta my clothes, you better, dick me down

Then uh, turn me round, then uh, lay me down
'Cuz uh, you got me high as a kite, Ja-Rule
Yo, I scream your name tonight
Let me take a look in your eyes
And see, and get in your eyes right, hypnotize like
The late B I G, hey, take me away, ecstasy
Bitch! Please, pop a few of these
And make house calls on Ja Rule twice a week, heh
You and me, love you boy, yeah
You got me high as a kite
Feels like doing somethin' freaky tonight
When I think about you and me
Feels good when your sexing me
You got me high as a kite
Feels like doing somethin' freaky tonight
When I think about you and me
Ahw, ahw it's Murda!
Hey, get me high tonight
Take me away
Come inside my world
Come ecstasy
Let me show you love
Between you and me
Let me love you boy
Hey, get me high tonight
Take me away
Come inside my world
Come ecstasy
Let me show you love
Between you and me
Let me love you boy
You got me high as a kite
Feels like doing somethin' freaky tonight
When I think about you and me
Feels good when your sexing me
You got me high as a kite
Feels like doing somethin' freaky tonight
When I think about you and me
Ahw, ahw it's Murda!
