

Me

Erykah Badu

Everything around you see
The ankhs, the wraps, the plus degrees
And, yes, even the mysteries
It's all me Sometimes it hard to move you see
When you growing publicly
But if I have to chose between
I chose me Had two babies different dudes
And for them both my love was true
This is my last interview, oh
Hey there's me, ooh This year I turned 36
Damn it seems it came so quick
My ass and legs have gotten thick, yeah
It's all me I use to pray to God above
But now I'm filled with so much love
But even if the world can't see
It's still me Will I escape this vanity?
Or will I keep on smoking trees?
But I'll just let it go and be, be, be, me Ah, leave it alone, babe
Well, well, well
Ah, oh, leave it alone, babe
Just being me Ah, leave it alone, babe
Well, well, well
Ah, oh, leave it alone, babe
Just being me Sometimes I don't know what to say
So many leaders to obey
But I was born on saviors day, yes
So I chose me And in the world of greed and hate
They may try to erase my face
But millions spring up in my place
Ooh, believe in me As sure is all and all is one
We all should grow before its done
So I salute you Farrakan, yes
'Cause you are me Before I end this crazy dream
Before I take one for the team
Yo ass done matched the gasoline, yes
That's Colene
