

One Last Time

Lisa Punch

Verse 1:

Without a single good bye you left me

Ever since we met I adored you

You had so much love in your heart

And now your death has torn us apart

I would take back everything bad I said

And love you endlessly, compassionately instead

If I could see you for one last time

I'd apologize

For all the times we fought and all the times I made you cry

Verse 2:

We never knew you'd go away

And never live to see today

I'm in so much, so much tears

I know I'll cry, I'll cry for years

I would take back everything bad I said

And love you endlessly, compassionately instead

If I could see you for one last time

I'd apologize

For all the times we fought and all the times I made you cry

Bridge:

Loosing you is so much pain

Sorrow is all I gained

One thing I do know

Your love will remain with me

Lord knows that I love you

And in him I am comforted

I would take back everything bad I said

And love you endlessly, compassionately instead

If I could see you for one last time

I'd apologize

For all the times we fought and all the times I made you cry

I would take back everything bad I said

And love you endlessly, compassionately instead

If I could see you for one last time

I'd apologize

For all the times we fought and all the times I made you cry

I would, I would take back, I would take back

I'd take it all back, take it all back, take it all back

if you give me one more time

If you give me one last time

Oh I'm sorry (x3)
