

New Redemption Song

Over the Rhine

Lord, we need a new redemption song
Lord, weve tried, it just seems to come out wrong
Wont You help us please, help us just to sing along
A new redemption song, a new redemption songLord, we need a new redemption day
All our worries keep getting in the way
Wont You help us please, help us find the words to pray
To bring redemption day, to bring redemption dayLord, we need a new redemption song
Lord, weve tried, it just seems to come out wrong
Wont You help us please, help us just to sing along
A new redemption song, a new redemption song
