Stalker

Cascada

Hold on
W-where you going?
I can't get enough of you
You're part of me
Like a tattoo
It's been a few days but it feels like forever
I'll chase you down in any kind of weather
I want you round
Need you around
You got me feeling like a stalker
24/7 I will call ya
La-la-la-look what you done to me
La-la-la-look what you done to me
You got me feeling like a stalker
24/7 I will call ya
La-la-la-look what you done to me
La-la-la-look what you done to me
I'll follow you into the night night night
I'll never let you out of my sight sight sight
I'll follow you follow you follow you
'Cause I'm a stalker
You're my prerogative
You're the reason why
Our love still lives
It's been a few minutes but I'm slowly going crazy
I need to have you with me
Don't give me no maybe
Want you around
Need you around
You got me feeling like a stalker
24/7 I will call ya
La-la-la-look what you done to me
La-la-la-look what you done to me

You got me feeling like a stalker
24/7 I will call ya
La-la-la-look what you done to me
La-la-la-look what you done to me
I'll follow you into the night night night

I'll never let you out of my sight sight sight
I'll follow you follow you follow you
'Cause I'm a stalker
Deeper and deeper
I go deeper and deeper
I'm in trouble
I'm trouble
Deeper and deeper
I go deeper and deeper
I'm in trouble
I'm trouble
You'd better watch out
'Cause I will get ya
I'm a stalker
I'm a stalker
Yeah I'm a stalker
24/7 I will call ya
La-la-la-look what you done to me
La-la-la-look what you done to me
You got me feeling like a stalker
24/7 I will call ya
La-la-la-look what you done to me
La-la-la-look what you done to me
I'll follow you into the night night night
I'll never let you out of my sight sight sight
I'll follow you follow you follow you
'Cause I'm a stalker
There you are
