One More Day (Stay With Me)

Example

Stay with me for just one more dayI have to make a move to somewhere miles away
The only hope we've got is just to smile and pray
Another lesson learned
Another page is turned
Give into your desire, say goodbye or play with fire, play with fire you'll get burned
Another lesson learned
Another page is turned
It's time I have to fly and then you say those precious wordsStay with me
Stay with me
Stay with me, stay with me for just one more day
Stay with me
Stay with me
Stay with me, stay with me for just one more dayYou make me lose my focus and the time of day
Just one minute in your arms, the night, it flies away
Another lesson learned
Another page is turned
Give into your desire, say goodbye or play with fire, play with fire you'll get burned
Another lesson learned
Another page is turned
It's time I have to fly and then you say those precious wordsStay with me
Stay with me
Stay with me, stay with me for just one more day
Stay with me
Stay with me
Stay with me, stay with me for just one more dayI'm falling for you, you've fallen for me
Stay with me, stay with me for just one more day
I'm falling for you, you've fallen for me
Stay with me, stay with me for just one more dayOh I think loving you could be so easy
Oh I think loving you could be so easyI rate that heavenly girl, she's a keeper
Should be taking her home, make it deeper
Take that leisurely stroll by the beach
Then I've gotta leave country, now apply Visa
I'm gonna bottle our love, take a litre
See you in a couple of weeks
We're like a couple of freaks in Ibiza
Even if we're sat on the sofa, you just won me overStay with me
Stay with me
Stay with me, stay with me for just one more day
Stay with me

Stay with me

Stay with me, stay with me for just one more dayI'm falling for you, you've fallen for me
Stay with me, stay with me for just one more day
I'm falling for you, you've fallen for me
Stay with me, stay with me for just one more day
