

Everglow (Single Version) [Radio Edit]

Coldplay

oh they say people come, say people go
this particular diamond was extra special
and though you might be gone, and the world may not know
still I see you, celestial like a lion you ran, a goddess you rolled
like an eagle you circled, in perfect purple
so how come things move on, how come cars don't slow
when it feels like the end of my world
when I should but I can't let you go? but when I'm cold, cold
oh when I'm cold, cold
there's a light that you give me when I'm in shadow
there's a feeling you give me, an everglow like brothers in blood, sisters who ride
and we swore on that night we'd be friends til we die
but the changing of winds, and the way waters flow
life as short as the falling of snow
and now I'm gonna miss you I know but when I'm cold, cold
in water rolled, salt
I know that you're with me and the way you will show
and you're with me wherever I go
and you give me this feeling this everglow oh- I I I I
what I wouldn't give for just a moment to hold
yeah I live for this feeling this everglow so if you love someone, you should let them know
oh the light that you left me will everglow
