Mattress music

Ooo, take one

Here we are, you and me, all alone in this room

Doing things that only grown folks do

I'm grabbing you, you grabbing me

Your body's here, I can't believe it, either one us can even breathe

Now I am like a rocket, going into orbit

And girl, you are the cockpit

So come let me explore it

Should we count down?

Down, down, down, 5, 4, 3, 2, 1

Explosion, explosion, explosion

Explosion, explosion, explosion

When are body's get to touchin'

Don't hold back

I love it when we're making contact

Explosion, explosion, explosion

Here we are, you and me, all alone in this room

Doing things that only grown folks do

I'll lick, lick, lick, lick, lick, lick, lick, lick, lick

Until I cover every inch of you

Now I am like a rocket going into orbit

And girl, you are the cockpit

So come, let me explore it

Should we count down?

Down, down, down, 5, 4, 3, 2, 1

Explosion, explosion, explosion

Explosion, explosion, explosion

When are body's get to touchin'

Don't hold back

I love it when we're making contact

Explosion, explosion, explosion

Feels like big bumps going all around ya

And everything's falling down around ya

Oh, baby, but we can't be fakes, see the look on your face
And it's telling me that you love it
Telling me that you need it, oh girl, here it comes again
Explosion, explosion, explosion
Explosion, explosion, explosion
When are body's get to touchin'
Don't hold back
I love it when we're making contact
Explosion, explosion, explosion
Feels like big bumps going all around ya
