

Final Kiss (Dead Audio Remix)

Camden Cox

Your heart's not beating together, one simple touch to another

I'll keep on dreaming forever

I'll keep on dreaming together

when I see you, I see now... you seem so faceless to me

I suffocate my feelings

don't you see don't you see

hold in to live now smaller

to give it all we got

to know how stronger

to show you how I've changed

to show you how I've changed

to show you how I've changed

to show you how I've changed

I am what I am only

that's all you say to me

too tired of feeling so cold

it's all getting so old

deep down shout out I'm listening

who'd knew what this could bring

you me, me and you we are so cold

it's all getting so...

hold in to live now smaller...

to give it all we got

to know how stronger

to show you how I've changed

to show you how I've changed

to show you how I've changed

to show you how I've changed...
