

50/50

Redd

Much to my dismay
When I wake up in the morning
 No one by my side
 Nowhere left to hide
I thought, music was enough
I could fill the empty spaces
 Wandering the halls
 Bouncing off the walls
 Too high to hear the song
Or recall the deeper meaning
 There is but to seek redress
From is wretched loneliness
 With
 Love, that's 50/50
 Or a hundred at a time
 Love, that's 50/50
 With both of us this time
 I can hear my love
And she wouldn't try to change me
 She knows that I will try to be
 The best of me that I can be
 And that is change enough
I could lose myself tryin' to please her
 And after all was said and done
 She might not like what I'd become
 So listen to your love
 If you let it, it will tell you
 You got to try again, again
 Find your lover, confidant and
 Friend, that's 50/50
 Or a hundred at a time
 Love, love, love, love
That's 50/50, with both of us this time
 Listen to your love
 It will sing to you tomorrow
 Every day's new melody
 Needs a different harmony
 So, listen to the song
 And the part that never changes

The rhythm and the symmetry
Of love's collected poetry
Listen close enough
Hear the whispers of forever
What we have ourselves become
One and one is still one
Love, that's 50/50
Or a hundred at a time
Love, love, love, love
That's 50/50, with both of us this time
Love love, that's 50/50
Or a hundred at a time
Love love love love
That's 50/50, with both of us this time
