

# Better Weather

## Good Old War

Maybe tomorrow the storm will blow over  
The river won't overflow  
Nobody knows what tomorrow will bring  
That's why we rely on hope

Ooooooh, we'll pray for some better weather  
Ooooooh, we'll pray for some better weather

Our little house at the top of the hill was filled with love  
And four tons of steel  
It's pretty strong but it could still come down  
Let's hope that it never will

Ooooooh, we'll pray for some better weather  
Ooooooh, we'll pray for some better weather

We know we always have each other  
If we go, we'll go together

Ooooooh, we'll pray for some better weather  
Ooooooh, we'll pray for some better weather

Maybe tomorrow the storm will blow over  
The river won't overflow  
Nobody knows what tomorrow will bring  
That's why we rely on hope

Ooooooh, we'll pray for some better weather  
Ooooooh, we'll pray for some better weather  
Pray for some better weather  
Pray for some better weather
