Sleeping With the Past

Tankard

Mr. Amorphous fron Germany
Goes with the fashion, as fashion goes
First a brown shirt, then a red shirt
Now his shirt is white as snowLook to the future
(Nothing in the past, nothing in the past)
Wiping out what happened here yesterday
(Nothing in the past, nothing in the past)Here is the deal
Part with the past, no memory
We won't ask you, we will clear you
If you play our game now
This is the deal
Show must go on, at any priceBrush of the victims of forty years
Too bad, so sorry, now let's get on
Who was spying, who was dying
Who is lying, who's to blame?Look to the future
(Nothing in the past, nothing in the past)
don't dig up the stories long dead and gone
(Nothing in the past, nothing in the past)Look to the future
(Nothing in the past, nothing in the past)
Wiping out what happened here yesterday
(Nothing in the past, nothing in the past)Bygones are bygones is fast and clean
Whitewash the surface, that will be fine
Firtyfive was not a lesson
To the class of eightynineLook to the future
(Nothing in the past, nothing in the past)
everything is starting all over there
(Nothing in the past, nothing in the past)Look to the future
(Nothing in the past, nothing in the past)
Wiping out what happened here yesterday
(Nothing in the past, nothing in the past)Show goes on!
