

Still Holding Out For You

SHeDAISY

Never thought I'd be in this place
It's someone else's life I'm living
Wish I were living a lie
The hardest part is when the bough breaks
Falling down and then forgiving
You didn't kiss me goodbye
I'm choking on the words I didn't get to say
And pray I get the chance one day I still run
I still swing open the door
I still think you'll be there like before
Doesn't anybody out there know to never come around
Some things a heart won't listen to I'm still holding out for you I can hear ya smile in the dark
I can even feel you breathing
When the daylight chases the ghost
I see your coat and I fall apart
To those hints of you I'm clinging
Now's when I need them most
I should get up, dry my eyes and move ahead
At least that's what he would have said I still run
I still swing open the door
I still think you'll be there like before
Doesn't anybody out there know to never come around
Some things a heart won't listen to I'm still holding out for you
