

The Ringer

Jessie Baylin

Oh the things that we are goin' through
Takes a lot to keep myself cool
And what a time for you to walk away
Is that the way you like to play it safe? Of all the things I've put myself through
She threw the ringer I just lost you
She threw the ringer I just lost you
Chorus:
Oh you win some, you lose some
Oh you win some, you lose some
Oh you win some, you lose some I think that we are going down
If means enough to you, I'll be around
And still I've secrets left for you to find
What a time for you to change your mind
Of all the things I've put myself through
She threw the ringer I just lost you
She threw the ringer I just lost you
Chorus:
Oh you win some, you lose some
Oh you win some, you lose some
Oh you win some, you lose some Oh, oh oh
You win some, you lose some
Oh you win some, you lose some
Oh you win some, you lose some
You lose some.
