

# He Will Supply

## The Canton Spirituals

When friends miss use you  
(when friends miss use you)  
And they knock you, and they knock you from side to side  
(and they knock you from side to side)  
We dont wont nobody to feel discouraged noooooo dont feel  
discouraged  
( dont feel discouraged )  
I dont have no dought in my mind today  
( the lord will supply )  
The lord will, He will supply  
( supplyyyyyy )  
Toooooooo, mmmmmm  
( the lord will supply )  
I know the lord will  
( the lord will supply )  
When trouble rises, and there no food on your table  
( there is no food on your table )  
No, no, no, no,  
Ohhh, ohhh, theres no need for you to cry  
( there is no need to cry )  
All you need to do is have faith, and go down on your knees  
( talk to thy savior )  
Tell him all your problems, and i dont have no dought in my mind  
today, lord will, lord will, lord will  
( the lord will supply )  
He will supply  
( supplyyyyyy )  
Ohhh hooooo hooooo  
( the lord will supply )  
Ohhh i dare you to go down on your knees and call'em and mean it  
from your heart.... I knowww, the lord will...yes he will  
( the lord will supply )  
He will supply  
( he will supply )  
I know the lord will  
( he will supply )  
Aint no secret what God can do  
( he will supply )  
Moma told me son, what he done for others he will do it for you

( he will supply )  
Ohhh the lord been so good  
( he will supply )  
every time i think about it i have to go down on my knees  
( he will supply )  
When i think about all the times that jesus kept his arms around  
me  
( he will supply )  
When i was right, sometimes, sometimes i was wrong he kept his  
arms around me  
( he will supply )  
He will supply  
( supplyyyyy )  
He took two lil fish and five loaves of bread  
( supplyyyyy )  
He went to a weddind one night and turn water into wine  
( supplyyyyy )  
Ohhhh ohhhh ohhhh hey hey hey  
( he will supply )  
I dont have no dought in my mind today that he will supply  
( he will supply )  
If you loenly, if you lonely  
( he will supply )  
If you hungry all you gotta do is go down on your knees and ask  
God for it  
( he will supply )  
Aint got no dought in my mind that God will supply  
( he will supply )  
How do you know harvey.. late in the midnight hour sometimes i  
Gotta go down on my knee yall  
( he will supply )  
Dont leave me, dont leave me, dont leave me  
( he will supply )  
Ohhhhh stay by my side  
( he will supply )
