

I'm All Smiles

Barbra Streisand

I'm all smiles, darlin'
You'd be too
If you knew, darlin'
All of the smiles were for you I'm all chills, darlin'
Through and through
But my cold hands, darlin'
Warm to the touch of you Rain hasn't fallen for days now
But rainbows are fillin' the skies
My heart must have painted those rainbows
Shinin' before my eyes Can't you tell that I'm in love, darlin'?
Deep and true, with guess who, darlin'
