

# Baby, You're Something

John Conlee

You ask me why I'm not fallin' for you  
Believe me when I say my heart wants me to  
Your heart is headed where mine cannot go  
There's something inside me that you need to know  
You've got the sparkle you've got shine  
Some of the sweetness  
Some of the time  
Most of the magic that lovin' should bring  
Baby you're something but she's everything  
Some other sometime  
Some other place  
I might have eyes for a new lover's face  
And your life's the next place that I want to be  
But I can't forget what her love means to me  
You've got the sparkle you've got the shine  
Some of the sweetness  
Some of the time  
Most of the magic that lovin' should bring  
Baby you're something but she's everything  
Baby you're something but she's still everything
