Write your name A Cross my heart
Write your name over every part
And we could be Worlds apart
Write your name A Cross My heart

You'll never Far
Write your name! Then Write your name
Good for me, Are you Are over me signature? Write Your Name!
Then Write you name..
Write your name A Cross my heart

Write your name over every part
And we could be Worlds apart
Write your name A Cross My heart
It's your name A Cross my heart, Writing Gold
A permanent mark, Love and grave that's What we Are
More than worlds This Love of ours
