

# Sentimental Moments

## Eric Clapton

Sentimental moments  
Moments that you shared with me  
They will last forever, and ever, and ever in my memory  
Sentimental moments  
How I treasure every one  
And I live them over, and over, and over when my day is done  
Those happy endless walks  
The quiet talks, the music  
The crazy things that lovers do when love is new  
Sentimental moments  
Share them once again with me  
And they'll bring us closer, and closer, and closer  
Like we used to be  
Those happy endless walks  
The quiet talks, the music  
The crazy things that lovers do when love is new  
Sentimental moments  
Share them once again with me  
And they'll bring us closer, and closer, and closer  
Like we used to be
