

How I Became Paranoid

CSS

Stars are fun, she said with a beautiful smile
As I looked above and stuffed her side
Astrology is not my cup of tea
I'd rather go inside and watch some TV
What about clouds, I think you should give it a try
But watching clouds is something I wanna do tonight
I hope you understand it's been a bad week
But it's not for me, no, it's not for me
Maybe it's been so long, I've
been playing
Oh baby, just call it off or call me crazy
We walked inside and watched TV for a while
The news crept me out the X put me down
I got so bored to death
And then outside the bugs started eating me up
I felt so bad I looked up to the sky
The stars, the clouds, the moon, the beautiful light
It all made sense but just for a while
But it's not for me, no, it's not for me
Maybe it's been so long, I've been
playing
Oh baby, just call it off or call me crazy
Maybe it's been so long I've been playing
(Times like this, pictured perfectly)
(Times like this , I'm nervous breaking)
Oh baby, just call it off or call me crazy
(Who's got the nerves to let loose)
(In times like this, in times like this)
In times like this, pictured perfectly
In times like this, I'm nervous, breaking
And who's got the nerves to let loose
In times like this, times like this
Times like this, pictured perfectly
In times like this, I'm nervous, breaking
And who's got the nerves to let loose
In times like this, times like this
In times like this, times like this
Maybe it's been so long I've been laying
(Times like this, pictured perfectly)
(Times like this , I'm nervous breaking)
Oh baby, just call it off or call me crazy
(Who's got the nerves to let loose)
(In times like this, in times like this)
Maybe it's been so long I've been laying
(Times like this, pictured perfectly)
(Times like this , I'm nervous breaking)
Oh baby, just call it off or call me crazy
(Who's got the nerves to let loose)
(In times like this, in times like this)
