

# Body On Me

Nelly

The way that you're walkin', the way that you're talkin'  
You're the one I wanna spend this night with  
Tryna get in them drawers and bang it out 'til the mornin'  
I can already tell you want it  
'Cause you're shakin' it all for me, givin' it all to me  
Rubbin' that body on me  
Keep on shakin' it all for me, givin' it all to me  
I'm lovin' that body on me  
Hey how you doin' mama? I need to know your name  
You givin' me the eye eye, I'm givin' you the same  
It just hit me right now what we should do today  
Go tell you friends bye bye and let's go hop a plane  
It's no mistakin', the attraction's ironic  
I wanna make you someone more than just a bone in my closet  
I wanna win that type of relationship  
Where you gon' wanna come hang when you're man been trip?  
You say you're short this month and you're late on your rent  
He took your car, what ya mean? Hold this, yeah yeah  
Uh, whoa, you see lil mama outta control  
And I'm just sayin'  
The way that you're walkin', the way that you're talkin'  
You're the one I wanna spend this night with  
Tryna get in them drawers and bang it out 'til the mornin'  
I can already tell you want it  
'Cause you're shakin' it all for me, givin' it all to me  
Rubbin' that body on me  
Keep on shakin' it all for me, givin' it all to me  
I'm lovin' that body on me  
Shorty movin' closer and closer  
And slower and lower, yeah  
I think she know she makin' me hard  
Got every man in the building like, 'Oh my god!'  
She slicker than luddy duddy, she work her body body

When you down here at the party, meet me down there in the lobby  
And I'll be waitin' on ya, ain't no debatin' on ya  
I got a seat for ya, we can let the top back and go  
We don't have to stop girl, no  
I got a lil' something I wanna show

Believe me, you're strong  
Lil mama please don't make me wait too long  
The way that you're walkin', the way that you're talkin'  
You're the one I wanna spend this night with  
Tryna get in them drawers and bang it out 'til the mornin'  
I can already tell you want it  
'Cause you're shakin' it all for me, givin' it all to me  
Rubbin' that body on me  
Keep on shakin' it all for me, givin' it all to me  
Rubbin' that body on me  
Now I see you lookin' at my body baby  
Now you wanna come and put it on me  
If I gave it to you, could you promise me  
That you could make it feel like you never did?  
'Cause I see you and you see me  
Now if I please you, could you please me?  
Now I ain't the one in no relationship  
And I ain't tryna to be the other chick  
I know you want it  
The way that you're walkin', the way that you're talkin'  
You're the one I wanna spend this night with  
Tryna get in them drawers and bang it out 'til the mornin'  
I can already tell you want it  
'Cause you're shakin' it all for me, givin' it all to me  
Rubbin' that body on me  
Keep on shakin' it all for me, givin' it all to me  
Rubbin' that body on me
