Fools Parade

Caesars

I don't wanna stay On these frozen grounds So baby, take me away I'm higher boundThis block has been overthrown By dogs eating up our homes Cold lights hit the better shacks I'm leaving this townI don't wanna stay On these frozen grounds So baby, take me away I'm higher boundEveryone needs a place to stay Everyone has a price to pay But it's turned into a fools parade I'm out of the gameI don't wanna stay On these frozen grounds So baby, take me away I'm higher boundI don't wanna stay On these frozen grounds So baby, take me away I'm higher boundI don't wanna stay On these frozen grounds So baby, take me away I'm higher boundI don't wanna stay On these frozen grounds So baby, take me away I'm higher boundFools parade
