

# In the Mood

## Chicago

Always been the kind of girl to hold it back  
When you know that you want to  
Someone always had to tell you where it's at  
Now you know that you want to Somethin' in the music's gonna make you move  
Now you know that you want to  
The rhythm's gonna put the woman in the mood  
Now you definitely want to In the mood, in the mood  
In the groove, in the mood  
You've got yourselves an attitude In the mood, in the mood  
In the groove, in the mood  
You've got yourself an attitude
