

# Staring at the Sun

## Little Boots

[Verse 1]

We are strong, young and ready  
We can't know where we're heading  
Far away and out of focus  
Life goes by before we noticeThrough the dark 'till early morning  
In my heart I hear it calling  
Watch the sky turn our faces  
The night goes by as dawn embracesAnd we burn and we shine  
Caught up in the light  
So don't hide your eyes  
Look into the fire[Pre Chorus]  
Cause it feels so right, so good  
Unstoppable  
We're so high, so close to heaven  
Tonight we're so bright  
You and I  
You and I  
Both blind[Chorus 1]  
We're staring at the sun-sun-sun-sun-sun  
(ooh ooh)  
Sun-sun-sun-sun-sun  
We're staring at the sun-sun-sun-sun-sun  
(ooh ooh)  
Sun-sun-sun-sun-sun  
Staring at the sun[Verse 2]  
We are one  
We are golden  
All our lives  
Made for this moment  
Before we know it  
We're that warning  
The past is gone  
The future's calling[Pre Chorus][Chorus 2]  
We're staring at the sun-sun-sun-sun-sun  
(ooh ooh)  
Sun-sun-sun-sun-sun  
We're staring at the sun-sun-sun-sun-sun  
(ooh ooh)  
Sun-sun-sun-sun-sun

Staring at the sun  
We burn and we shine  
So don't hide your eyes[Bridge]  
    Feels so right  
    We're so high  
        Tonight  
        You and I  
        You and I  
    Both blind[Chorus 3]  
We're staring at the sun-sun-sun-sun-sun  
    (ooh ooh)  
    Sun-sun-sun-sun-sun  
We're staring at the sun-sun-sun-sun-sun  
    (ooh ooh)  
    Sun-sun-sun-sun-sun  
    Staring at the sun  
We burn and we shine[Outro]
