# Nice Things That Look Good

## Mates of State

Someday you'll find that I'll have to stay
It's hard to say when I'm 39 in the face
Don't let your pardonCall, call 'cause I do wonder
It's alright, give it to me right
If you mind, the fall at your knees
Come, come 'cause I don't want to
You won't mind the fold at your seamsMary, kiss your hips
It doesn't mean you're loaded
