

# Nice Things That Look Good

## Mates of State

Someday you'll find that I'll have to stay  
It's hard to say when I'm 39 in the face  
Don't let your pardon Call, call 'cause I do wonder  
It's alright, give it to me right  
If you mind, the fall at your knees  
Come, come 'cause I don't want to  
You won't mind the fold at your seams Mary, kiss your hips  
It doesn't mean you're loaded
