Helpless

Mads Langer

My flawless shadow is haunting me
It chases me all the way up to the hill with the lilac trees
I look down from the hill and I see a silver lake
And imagine that this is the last time my heart breaks

Cause I am helpless without you
And you won't help me if I don't forgive and face the truth

The sky is black and I am blue
The stars are whispering that I'm ready to break on through
But it's hard to forgive the pirate hearts
Of all people who've tried to tear me apart

And I am helpless without you
And you won't help me if I don't forgive and face the truth

It's funny how things can last forever in a moment of love
And it's sad how moments can vanish into the thin air above

Cause I am helpless without you
And you won't help me if I don't forgive and face the truth
