Monaco

EMMY

Oh when the full moon rises and you get excited
All the world is singing like they can't even fight it
Behold the mystery, oh the mystery
And when the man starts saying that we'll be invited
I can't help but think of all the glitter and lights and
The critics are whispering, we'll make historyShoop, the crowds are clappin'
Shoop, gonna make it happenBecause our life's about to start
No more playing in the dark
We play loud
Get high off the crowd
We're going to paradise
I can see it in your eyes
We play loud
If one goes down, we all go downNow we're playing for keeps
Though those prices are steep
And it's bottles of Dom
A fancy car for my mom
Take a look at the stars
They're spelling out what's oursShoop, the crowds are clappin'
Shoop, gonna make it happenBecause our life's about to start
No more playing in the dark
We play loud
Get high off the crowd
We're going to paradise
I can see it in your eyes
We play loud
If one goes down, we all go down
Oh, Monaco
Oh, MonacoNow when the full moon rises and you get excited
All the world is screaming 'cause they can't even fight it
Behold the mystery, we'll make historyBecause our life's about to start
No more playing in the dark
We play loud
Get high off the crowd
We're going to paradise
I can see it in your eyes
We play loud
If one goes down, we all go down
Oh, Monaco

Oh, Monaco
